Re: IAWE Awards in 2023

Dear Colleagues,

The IAWE Secretariat is calling for nominations for IAWE Awards for 2023. The Awards are for one Senior and one Junior researcher in the broad field of Wind Engineering. Nominations may be made by Member Organizations or Individual Members or Supporting Members of the IAWE. The recipients of the Awards shall be recommended to the Executive Board by an Awards Committee composed of five members appointed by the Executive Board. For details of the Awards rules, please refer to the attached file.

In accordance with the Awards rules, I would like to invite you to nominate award candidates by sending the nomination to the Secretary General of IAWE (Dr. Shuyang Cao, shuyang@tongji.edu.cn) no later than **March 31, 2023**. Please note that nominations should consist of no more than three A4 pages including a summary vitae for the nominee.

I thank you in advance for spreading this information throughout your Organization.

Yours sincerely,

Ahsan Kareem
President
International Association for Wind Engineering
